

6th International Symposium for Research in Protected Areas 2017

FACTSHEET, August 2016

Title

6th International Symposium for Research in Protected Areas 2017

Date

2 - 4 November 2017 (Thu - Sat)

Location

Faculty of Natural Sciences, University of Salzburg, Austria

Conference language

English

Format

2.5 conference days

plenary sessions & series of parallel sessions à 1.5 hours

series of presentations & chaired discussions; workshops; poster session

incl. poster award; side event: presentation of the Nationalparks Austria

Science Award 2017

Organized on behalf of

Nationalparks Austria, Federal Ministry for Agriculture, Forestry, Environment and Water Management, www.nationalparksaustria.at

Funding

National Park Fund of the Federal Ministry for Agriculture, Forestry, Environment and Water Management, Vienna, Austria,

www.lebensministerium.at

The 6th International Symposium for Research in Protected Areas 2017 is held as part of the Nationalparks Austria Project *SEZUM - Service, Zusammenarbeit, Umsetzung* funded by the EU and the Austrian Federal Ministry for Agriculture, Forestry, Environment and Water Management.

Concept & Organization

Hohe Tauern National Park Administration Salzburg, Mittersill, Austria, www.hohetauern.at, www.nationalpark.at

Scientific Board 2017

The Members of the Scientific Board support the Symposium through scientific reviewing, programming and consistent quality management.

It is formed by members of ISCAR-P / ALPARC (international) & members of the Scientific Boards of the Austrian National Parks

Ulrike BERNINGER (Univ. Salzburg), Axel BORSODORF (IGF Innsbruck), Massimo BOCCA (PN Mont Avic), Valerie BRAUN (IGF Innsbruck), Jean-Jacques BRUN (Cemagref Grenoble & ISCAR), Leo FÜREDER, (Univ. Innsbruck), Alois HERZIG (Univ. Wien), Günter KÖCK (ÖAW Wien), Christoph MONING (Univ. Weihenstephan-Triesdorf), Guido PLASSMANN (ALPARC Chambery), Wolfgang SCHERZINGER (Univ. Salzburg), Thomas SCHEURER (ICAS/ISCAR Bern), Philippe BOURDEAU (Univ. Grenoble), Dominik SIEGRIST (Univ. Rapperswil & CIPRA International), Michael VOGEL (NP Berchtesgaden & ALPARC), Thomas WRBKA (Univ. Wien), N.N. (inquired)

Executive managing director
Project manager

Project team

Staff of the eight Austrian National Park administrations responsible for the NP management field Science and Research

Cooperation partners

Since 2017:
Faculty of Natural Sciences, University of Salzburg, Austria,
www.uni-salzburg.at

Since 2005:
Alpine Network of Protected Areas (ALPARC), Chambéry, France,
www.alparc.org

International Scientific Committee on Research in the Alps (ISCAR), Bern, Switzerland, www.iscar-alpineresearch.org

Institute for Interdisciplinary Mountain Research (IGF) of the Austrian Academy of Sciences (ÖAW), Innsbruck, Austria,
www.mountainresearch.at, www.oeaw.ac.at

Since 2013:
The Danube River Network of Protected Areas (DanubePARKS), Ort/Donau, Austria, www.danubeparks.org

International Association for Danube Research (IAD), Vienna, Austria, www.iad.gs

Previous PA Research Symposia

1996, 2001, 2005 & 2009 - Kaprun Castle, Salzburg, Austria
2013 - Hohe Tauern National Park Center, Mittersill, Salzburg, Austria

Proceedings

The conference volume contains extended summaries of all presentations (4-8 pages, not peer-reviewed) and will usually be published and delivered at the event.

Conference Volumes online

5 (2013) www.zobodat.at/publikation_volumes.php?id=37550
4 (2009) www.obodat.at/publikation_volumes.php?id=34779
3 (2005) www.zobodat.at/publikation_volumes.php?id=34776

Additional publication option

eco.mont - Journal on Protected Mountain Areas Research and Management is registered in the SciSearch® - WEB OF KNOWLEDGE (Thomson Reuters) index and publishes twice a year peer-reviewed articles on research within protected mountain areas and its potential interest for protected area management. Each issue also includes reports on management issues and showcases one protected area (www.oeaw.ac.at/ecomont/index.htm)
